

## LIBRARY RESOURCE: CAREERS AND HIGHER EDUCATION

The School has two libraries and each contains careers resources relevant to students.

**The Main School Library** has a selection of books and magazines which are regularly updated, containing information and advice on choices of subjects towards future routes into career choices.

**The Sixth Form Library** has two areas:

**The Careers section** containing information on how to get into various careers, student finance, scholarships and bursaries, working abroad, voluntary organisations, and much more.

**The University section** contains current prospectuses from a wide range of Higher Education institutions, together with information on Open Days, Courses and Gap Year opportunities.
