RSHE

Transition Activities

In this booklet there are two activities for you to complete.
All of the information required to complete the activity is in
this booklet and can also be found on the school website.

TASK 1

Tell us about yourself!

Fill this page with a web of interesting facts about you! Don't hold back, the more detail the better! We've started you off with a few areas to think about but include as much as you can!

TASK 2

Newspaper article Review

Here at Saint Olave's we encourage our students to read as much as possible, especially current affairs. Keep an eye on the news and write a report about an event in the news you have read and have been watching or hearing about on the news this summer. Large or small, funny or serious!

Please do not write more than two sides. Please do not type the report. Please use this booklet to complete the task.
