

25 June 2021

Dear Parent/Carer

Due to a positive Covid test within our catering team this morning, we are unable to offer a food service at break and lunch today.

It is therefore with regret that we will be sending students home at lunchtime (12:20 pm) so they can access food at home or outside school.

Any parent/carer who would like their child to remain at school, should ask their child to inform a member of staff. We will supervise them until the normal school finish time at 3:10 pm. Please be aware that we will not be able to provide them with any food if they remain on site.

Due to the short notice and as a number of students will be travelling home during the afternoon, there will be no remote lessons taking place.

I apologise for any inconvenience this has caused. There is likely to be a reduced food service next week so we advise that students bring a packed lunch until we can update you further.

Yours sincerely

Andrew Rees
Headteacher
