

05 January 2021

Dear Parent/Carer

School closure

Following on from the Government's announcement yesterday please be aware the Lateral Flow testing will currently not take place.

Mock examinations for Years 11 and 13 have been postponed.

Students will need to follow as far as is possible their timetable from home, attending lessons, registration, and assemblies. Staff will communicate further about this through class and year group Teams. If a student has an issue relating to access, please can they make their teacher aware.

Provision for children of critical workers is currently being put in place. Please email rmaxwe@saintolaves.net if you wish for your child under this remit to attend.

The health, safety and wellbeing of our school community remains our top priority.

Yours sincerely

R Maxwell and M Birtchnell
Assistant Headteachers
