

23.10.2020

Dear Parents/Carers

It is the Music Department's wish to celebrate the rich diversity of musical talent within St Olave's. If your son/daughter would like the opportunity to share a video of themselves performing, we would like to hear from them.

Normally around this time of year we would host a Mid-Term concert in the Chapel, as a chance for individuals and small ensembles, from beginners to advanced, to perform in front of an audience. While this is still not possible for the time being in a live setting, it is our intention to collate videos of our students singing or playing for the school website, possibly to be promoted also via a managed social media platform.

In order to determine the level of interest in this project we would ask that any musical students who wish to take part contact Mrs Attwood or Mr Price via email or Microsoft Teams. This message should include the name of the piece they propose to perform, their instrument/voice type and an approximate length of the piece. We would welcome contributions from students in all year groups and levels of experience.

We anticipate that a wide range of students will want to take part. We know that many of them are very talented musicians and the department would like to give these students a platform. It is our priority that the performances be recorded and shared safely for all to enjoy, and guidance regarding concert dress, background, file format, duration and other practical considerations will follow. We hope that you will encourage your son/daughter to participate in the project to make this a memorable celebration of musical excellence.

Yours sincerely,

Mrs H Attwood

Music Department
